For anyone who has marveled at a talking bird, chatted idly with her cat, or told his dog to wake him up in time for work, my illustrations similarly embrace the humanity in every beast. Born from a love of animals, an overactive (and long-lasting) childhood imagination, and hours spent in museums staring at old master's paintings, my line of greeting cards is ever expanding and here to please.

If you have any questions or comments, please don't hesitate to contact me.
